

10 ft Mini DisplayPort to DVI Adapter Converter Cable – Mini DP to DVI 1920x1200 - White

Product ID: MDP2DVIMM10W

The MDP2DVIMM10W Mini DisplayPort to DVI Adapter Cable lets you directly connect your Mini DP video source (such as any of your MacBook® or Microsoft® Surface™ Pro devices with mDP) to a DVI monitor or projector, eliminating the expense of having to upgrade to a Mini DisplayPort-capable monitor.

The adapter cable is 10 feet (3 m) in length, and features male-to-male connectors, allowing you to connect your Mini DisplayPort source directly to a DVI display with no additional cabling required.

Compatible with Intel® Thunderbolt™, when connected directly to a supporting DisplayPort over Thunderbolt I/O port, the adapter supports resolutions up to 1920x1200 (WUXGA).

MDP2DVIMM10W is a passive adapter that requires a dual-mode DisplayPort port (DisplayPort++), meaning that DVI and HDMI signals can also be passed through the port.

Backed by a StarTech.com 3-year warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Connect your existing DVI display device (monitor, projector) to a Mini DisplayPort output device
- Ideal for using your DVI monitor as a secondary display

Features

- 1x Male Mini DisplayPort connector, 1x Male DVI connector
- Supports resolutions up to 1920x1200 (WUXGA) and HDTV resolutions up to 1080p
- Compatible with Intel® Thunderbolt™ devices that are capable of outputting a DisplayPort signal
