

## 4 Port Black PS/2 KVM Switch Kit with Cables

Product ID: SV411K

The SV411K 4 Port Black PS/2 KVM Switch Kit with cables lets you control four computers using a single keyboard, mouse and VGA monitor and offers both hotkey and top panel push-button operation for simple switching between connected computers.

Designed to integrate seamlessly into any environment, the KVM switch offers a small footprint design (roughly the size of a deck of playing cards) and draws power from the connected computers, so it doesn't require an external power supply.

Delivering dependable and convenient control of multiple computers from a single peripheral station, the KVM switch supports video resolutions of up to 2048 x 1536 and includes 3-in-1 (PS/2 and Video) cables to provide a complete, out-of-the-box KVM solution.

This product is TAA compliant and backed by a Startech.com 2-year warranty with free lifetime technical support.

### Certifications, Reports and Compatibility

### Applications

- Control 4 USB-enabled computers using a single keyboard, mouse, and VGA monitor
- Ideal for call centers, help desks, education environments, video editing, and PC enthusiasts
- Great for PC test/burn-in computer control saving the desk space required for multiple monitors, keyboards and mice
- Multiple system control for single user workstations, increasing user productivity in the office

### Features

- Unique 3-in-1 cables included prevent keyboard and mouse connectors from becoming loose
- Supports PS/2 keyboard and mouse emulation for error-free PC boot
- All cables are connected to the rear for a more secure and neat connection
- Keyboard and mouse allow for hot plugging without having to turn either the KVM or the PC off
- Supports M/S IntelliMouse(Pro), Explorer, Optical mice
- Auto Scan Interval: 3, 8, 15, 30 seconds

<b>Hardware</b>	Warranty	2 Years
	Audio	No
	Cables Included	Yes
