The Teksto range is made around ecological values, materials of plant origin or recycled but sustainable with a trendy textile effect. Teksto is the organisational solution for the future in a zero plastic world.

The cover of this elasticated 3 flap folder is made from certified card, coated with vegetable oil to enhance its resistance to stains and water. This folder is therefore as practical as a plastic folder.

The Exabox filing box is delivered assembled. Rigid, it is ideal for filing punched or non-punched documents, accessories, supplies, and other gadgets.

The spine label makes it easy to identify the contents.

100% French manufacturing from raw material to finished product in our Exacompta-Clairefontaine Group factories. FSC certified product, responsible forest management.
