# SAFETY DATA SHEET according to Regulation (EC) No.1907/2006

#### 1. Product and Company Identification [Product name] INK for UF-222-07 Violet [File No.] 305304B [Date of issue] 2019/12/19 [Details of Manufacture] Manufacture's name: MITSUBISHI PENCIL CO., LTD. 5-23-37, HIGASHIOHI, SHINAGAWA, TOKYO, JAPAN Address: 03-3450-0363 Telephone number: 03-3458-6281 telefax number: (Only office hour are available.) [Details of Supplier] Supplier's name: Mitsubishi Pencil France S.A 32 Avenue Pierre Grenier, 92517 BOULOGNE BILLANCOURT CEDEX, Address: FRANCE Telephone number: 33 (1) 46 94 33 33 telefax number: 33 (1) 46 94 33 00 (Only office hour are available.) 33 (1) 46 94 33 33 Emergency phone number: 2. Hazards identification [Classification of the substance or mixture] Classification (REGULATION (EC) No 1272/2008) **HEALTH HAZARDS** Skin sensitizer : Category1 [Label elements] Classification (REGULATION (EC) No 1272/2008) Pictogram Signal Word Warning Hazard Statement May cause an allergic skin reaction **Precautionary Statement** Do not breathe dust/vapours etc.. : Wash contaminated clothing before reuse. : IF ON SKIN: Wash with plenty of soap and water. : If skin irritation or rash ouuurs: Get medical advice/attention. : Dispose in accordance with all current regulations and standards. [Other hazards] No information available. 3. Composition/information on ingredients [The chemical product is a substance or a mixture] Mixturo

| [The chemical product is a substance of a mixture] |  |  |

#### 4. First aid measures

| [Description of first aid measures]  |  |  |
|--|--|--|
| Eye contact  | : Flush eyes with plenty of water for at least 15 minutes.   |  |
|  | : Take off the contact lens if possible  |  |
|  | : Consult medical advice depending on the symptoms.  |  |
| Skin contact   | : Wash skin with soap and water for at least 15 minutes while removing contaminated clothing and shoes.                                      |  |
|  | : Consult medical advice depending on the symptoms.  |  |
|  | : Thoroughly clean and dry contaminated clothing and shoes before reuse.   |  |
| Ingestion  | : Rinse mouth, give plenty of water to dilute. No specific intervention is indicated as compound is not likely to be hazardous by ingestion. |  |
|  | : Consult medical advice depending on the symptoms.  |  |
| Inhalation   | : Due to its low vapor pressure inhalation is unlikely at room temperature.  |  |
|  | : If not feeling well, move to an area of fresh air and rest.  |  |
|  | : Consult medical advice depending on the symptoms.  |  |
| [Most important symptoms and effects, both acute and delayed]                |  |  |
|  | No information available.  |  |
| [Indication of any immediate medical attention and special treatment needed] |  |  |
|  | No information available.  |  |
|  |  |  |

#### 5. Firefighting measures

| [Extinguishing media]                                   | Regular dry chemical, carbon dioxide, water, regular foam   |
|---|---|
| [Special hazards arising from the substance or mixture] |   |
|   | No further relevant information available.  |
| [Advice for firefighters]                               | Stay upwind and keep out of low areas and avoid inhalation of material or combustion by-products. |
|   | Wear suitable protective equipment.   |

#### 6. Accidental release measures

[Personal precautions, protective equipment and emergency procedures]

|  | Rope off the area to contain the leak and prohibit entrance except for authorized persons.                 |  |
|--|--|--|
|  | Wear appropriate protection gear.  |  |
|  | Do not work in the leeward.  |  |
| [Environmental precautions]                            | Collect leaked material in empty container after leading outflow to a safe area containing earth and sand. |  |
|  | Do not allow leaked material to pollute rivers, lakes, etc.  |  |
| [Methods and material for containment and cleaning up] |  |  |
|  | Wipe off by dry cloth and wash with water.   |  |
|  | Dispose of pollution or waste in accordance with national, state and local regulations.                    |  |
| [Reference to other sections]                          | No information available.  |  |

## 7. Handling and storage

| [Precautions for safe handling]      |   |
|--------------------------------------|---|
|                                      | Avoid contact with skin and eyes.   |
|                                      | Recap after use, and keep out of the reach of infants.                                      |
|                                      | Do not lick or swallow.   |
| [Conditions for safe storage, inclue | ding any incompatibilities]   |
|                                      | Keep away from oxidizing materials, ignition sources, high temperature and direct sunlight. |
|                                      | Use a container to fill up at the time of shipment.   |
|                                      | Recommended temperature : 0-40°C  |
| [Specific end use(s)]                | No information available.   |

## 8. Exposure controls/personal protection

| [Control parameters]   |      |   |
|------------------------|------|---|
| Chemical name          | OSHA | ACGIH   |
| Glycerine              | -    | (TWA)10mg/m3  |
| [Exposure controls]    |      |   |
| Protective equipment   |      | : Not required.   |
| Respiratory protection |      | : Not required.   |
| Hands protection       |      | : Although not necessary in particular, persons with<br>hypersensitivity are recommended to wear protective<br>gloves in terms of contact protection.                         |
| Eye protection         |      | : It is not particularly necessary, but the person of the<br>erethism recommends in particular the wearing of<br>protection glasses from an aspect of the contact<br>defense. |
| Skin protection        |      | : It is not particularly necessary, but the person of the<br>erethism recommends in particular the wearing of<br>protection clothes from an aspect of the contact<br>defense. |

#### 9. Ph

| hysical and chemical prope     | erties   |
|--------------------------------|--|
| [Information on basic physical | and chemical properties]                       |
| Color                          | : Violet                                       |
| State                          | : Liquid                                       |
| Odor                           | : No information available.                    |
| рН                             | : about8.0                                     |
| Boiling point                  | : No information available.[Water 100.0°C]     |
| Melting point                  | : No information available.                    |
| Flash point                    | : No information available.[Glycerine 177.0°C] |
| Autoignition temperature       | : No information available.                    |
| Explosion limits               | : No information available.                    |
| Vapor density(air=1)           | : No information available.                    |
| Density                        | : about1.1                                     |
| Solubility in water            | : No information available.                    |
| Evaporation rate               | : No information available.                    |
| [Other information]            | No information available.                      |

| 10. 3 | Stability and reactivity                      |  |
|-------|---|--|
|       | [Chemical stability]                          | This mixture is stable in normal temperature and pressure. |
|       | [Reactivity]                                  | No data available.   |
|       | [Conditions to avoid]                         | Avoid heat, flames, sparks and other sources of ignition.  |
|       |   | Avoid direct sunlight and high temperature.                |
|       | [Incompatible materials]                      | No information available.                                  |
|       | [Hazardous decomposition products]            | No information available.                                  |
|       | [Possibility of hazardous reactions]          | No information available.                                  |
| 11.   | Toxicological information                     |  |
|       | [Information on toxicological effects]        |  |
|       | Acute toxicity(oral)                          |  |
|       | Classification not possible                   | : No information available.                                |
|       | Acute toxicity(skin)                          |  |
|       | Classification not possible                   | : No information available.                                |
|       | Acute toxicity(inhalation:vapours)            |  |
|       | Classification not possible                   | : No information available.                                |
|       | Skin corrosion/irritation                     |  |
|       | No information available.                     |  |
|       | Serious eye damage/Eye Irritation             |  |
|       | No information available.                     |  |
|       | Respiratory sensitizer                        |  |
|       | No information available.                     |  |
|       | Skin sensitizer                               |  |
|       | 1,3,5–Triazine–1,3,5(2H,4H,6H)–<br>triethanol | : Category 1   |
|       | Germ cell mutagenicity                        |  |
|       | No information available.                     |  |
|       | Carcinogenicity                               |  |
|       | No information available.                     |  |
|       | Toxic to reproduction                         |  |
|       | No information available.                     |  |
|       | Specific target organ systemic toxicity       | single exposure)   |
|       | No information available.                     |  |
|       | Specific target organ systemic toxicity       | (repeated exposure)  |
|       | No information available.                     |  |
|       | Aspiration hazard                             |  |
|       | No information available.                     |  |
|       | Hazard to the Aquatic Environment (Ac         | cute)  |
|       | No information available.                     |  |

Hazard to the Aquatic Environment (Chronic) No information available.

#### 12. Ecological information

| [Toxicity for fish]             | No information available. |
|---------------------------------|---------------------------|
| [Toxicity for crustaceans]      | No information available. |
| [Toxicity for algae]            | No information available. |
| [Persistence and degradability] |                           |
|                                 | No information available. |
| [Bioaccumulative potential]     | No information available. |
| [Mobility in soil]              | No information available. |
| [Results of PBT and vPvB assess | ment]                     |
|                                 | No information available. |
| [Other adverse effects]         | No information available. |

#### 13. Disposal considerations

[Waste treatment methods] Dispose in accordance with all current regulations and standards. Do not allow it to flow into the drainages with waste fluid.

#### 14. Transport information

| [Transport hazard class(es)]      | Not applicable.   |
|-----------------------------------|---|
| [UN number, proper shipping name] |   |
|                                   | -   |
| [Packing group]                   | -   |
| [Special precautions for user]    | Check the container for any leakage. Load a cargo without a dropping or incurring damage, and take causion against collapse of container. |

#### 15. Regulatory information

[Safety, health and environmental regulations/legislation specific for the substance or mixture] Follow all regulation in your country.

#### [Chemical safety assessment]

Ink or lead are manufactured in accordance with ISO 8124-3 Safety of Toys - Part 3 $^{\prime\prime\prime\prime}$ 

#### 16. Other information

- The information is based on our present knowledge at the date of its publication, and designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release.
- This shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
  - H302–Harmful if swallowed
  - H317-May cause an allergic skin reaction
